Find attached the NEZh map, dtd. July 2, 2019, which reflects the proposed modifications of Council Member Scott Benson, Council President Pro-Tem Mary Sheffield and Council Member Janee Ayers combined.

As council members engage the community and educate residents of the NEZ Homesteads, I urge you to keep in mind that the NEZs were created to stabilize neighborhoods. They are a powerful tool capable of both assisting in the revitalization of Detroit's middle class and retaining residency.

As a Detroit City Council initiative, the designation of NEZ Homestead jurisdictions rely on the valuable input of each individual council member, as such the attached map identifies the modifications proposed by council members who have submitted recommendations to date as additional modifications are awaited.
